HOW THE PRESENTATIONS WORK

Each **30-minute virtual Lunch & Learn** includes three dedicated 10-minute presentation segments: one is reserved for Massage Marketplace, and two are open to industry presenters.

A participating company may present **up to two times** at the same school during its five-month series. Each appearance must deliver fresh value: share new information, showcase a different product, introduce an exclusive student offer, or present another inspiring topic.

MAKE YOUR 10 MINUTES COUNT

- Introduce an exclusive modality or technique
- Demonstrate products & equipment live
- Share student samples or starter kits
- Offer exclusive student & graduate pricing
- Promote certifications or CE courses
- Provide career mentoring & business coaching

WHO SHOULD PARTICIPATE?

- Modality educators & CE course providers
- Product manufacturers, tables & suppliers
- Equipment, app & software tech companies
- Business coaches, mentors & associations
- Spa, clinical & wellness industry employers
- Therapy supplies & professional tools

CHOOSE YOUR SPONSORSHIP LEVEL

Select the level that best aligns with your sales goals and student outreach strategy:

INDUSTRY SPOTLIGHT	INDUSTRY PARTNER	LUNCH SPONSOR
$225	**$400**	**$200**
One 10-minute presentation at one participating massage therapy school. Includes company information and website links in the official student handout, plus the direct opportunity to share a special student offer.	**Two 10-minute presentations** at the same school during its five-month series. Includes highlighted company info in student handouts and two distinct opportunities to share fresh offers and new product lines.	**Sponsor the student lunch** for one live school meeting session. Includes prominent recognition as the *Official Lunch Sponsor* with full company details highlighted across that meeting's student handout.

A HANDOUT THAT KEEPS WORKING FOR YOU

At every session, participating students receive a **dedicated resource handout** featuring your company logo, concise description, website, contact details, QR code, and exclusive student offers.

This provides students with tangible, take-home reference materials they can revisit long after the virtual presentation concludes—turning a 10-minute virtual presentation into ongoing, long-term brand equity and customer acquisition.
